EMPIRE SHOPPING WEEK IN CANADA—SATURDAY, MAY 25th TO SATURDAY, JUNE 1st.

For Canada and Canadians, where does the Empire begin? When analyzed carefully you will agree that it begins with each individual person in Canada who is a good citizen of the Dominion or who wants to be a good citizen. From there it moves on to his home, to his business or other daily occupation, to his home town, to his province, to Canada, and to the Empire.

The vastness and unity of the British Empire are two things difficult for the average person to realize. In thinking of the Empire, most people think first of Great Britain, Canada, Australia, India, South Africa and New Zealand. Unfamiliar places with curious names, seen only once or twice perhaps over a period of years escape general notice. Yet these also form stout links in the great chain of Empire.

They are all sharing in Empire Shopping Week in Canada, 23rd May to 1st June.

To us living in Canada, our own industries and commerce naturally give us the greatest concern and everything that helps Canada, helps to make her a stronger link in the chain of Empire. Let us always remember that goods produced in Canada are Empire products.

The enormous volume of imports into Canada from countries outside the Empire gives cause for deepest concern when we know that a large proportion of the goods are obtainable from Canadian production or from other parts of the Empire. \$391,000,000 is the latest annual figure showing the staggering proportions of foreign imports.

Briefly stated, one main purpose of Empire Shopping Week in Canada is to stimulate the purchase and sale of Empire produce and manufactures in Canada, always remembering that the Empire begins at home and that Canadian goods are Empire goods. That is the recognized principle on which all Empire Shopping Weeks are arranged; Home products, in this case, Canadian first, other Empire products next.

Remember the date, 25th May to 1st June, 1929.

Under exceptional auspices Empire Shopping Week in Canada is certain to be a tremendous success. It will give Canadians an opportunity once again to show how clearly Canadian production fits into the Empire scheme of things. It will do a great work in cementing the bonds of Empire anew and will give Canadians a closer and more interesting "close-up" of the Empire as it is vast, far-reaching and firmly knit within itself, a great power for good in the world to-day.

JUDICIAL PARTY TO VISIT FAR NORTH

Two Eskimos now being held at Akavik on criminal charges are to be tried at this far northern point this summer before His Honour Judge Dubuc, stipendiary magistrate for the Northwest Territories. The appointment of E. C. Darling as crown prosecutor and Joseph A. Clarke as defence counsel has been announced by the Minister of Justice. The party is expected to leave Edmonton about June 16, on the 2,000 mile trip into the far north.

CLASSIFIED ADVERTISING

CALGARY PLANE TRAGEDY, TWO MEN MEET DEATH WHEN WING BREAKS OFF—VICTIMS ARE N. E. STEVENS, CALGARY AERO CLUB ASSISTANT PILOT, AND H. A. McCALLUM, A MEMBER OF CLUB—LOOPING THE LOOP AT HEIGHT OF 5,000 FEET WHEN WING WEAKENS

Calgary, May 20.—Crippled when a wing snapped and broke off, an airplane of the Calgary Aero Club crashed to the ground at 12:43 o'clock Sunday afternoon, causing instant death to N. E. Stevens, assistant instructor at the club, and H. A. McCallum, a member of the club since its inception.

The two airmen were enjoying the thrill of looping the loop at a height of 5,000 feet when a wing weakened, trembled and then broke away. The plane swerved, while thousands of eyes from all parts of the city watched its manoeuvres, and then went hurtling to the earth.

Government Inquiry

An inquest will be held in connection with the death of the two men and, in addition, a government inquiry into the cause of the accident will take place. Already Flight-Commander Leach, of the High River station, has interviewed club officials in connection with the club.

It is thought that Stevens, one of Calgary's most experienced aviators, retained his senses to the last, and did all that was possible to avert the crash. He must have known, however, according to aviation experts, that the moment the wing detached from the plane the chance of saving himself or his passenger was gone.

The fact that the machine, when 150 feet from the ground, served, avoiding the surrounding houses, and landed in clear space, may possibly indicate that some vestige of control, sufficient to avert an even greater loss of life, was retained by the pilot. Whether or not he shut off his engine will never be known.

The shriek of air in the rigging as the plane fell at great velocity, a sound described by a number of persons as similar to that of an ambulance siren, drowned all other noises.

The wing which had become detached circled away from the plane, and landed some 500 yards away from the scene of the crash.

Death Instantaneous

A crowd gathered immediately after the dust of the crash had cleared, and the bodies of the two men, who had evidently been killed immediately the machine struck, were extricated. McCallum was taken out of the remains of the front cockpit with comparative ease, but before the pilot's body could be taken from the wreckage, it was necessary to remove the wing.

Dr. H. H. Johnson, of the Colonel Belcher hospital, who had just entered his car when he saw the plane fall, rushed immediately to the scene of the crash. A crowd had already gathered and the bodies of the men were being extricated. Dr. Johnson realized that he could do nothing, and after a brief examination, he left. Subsequently, however, he made a further investigation at Foster and Foster's funeral parlors, where the bodies had been taken by the company's ambulance. The injuries received by both men, he said, were extensive, and in neither case was it possible to enumerate to the full the possible causes of death.

Experienced Airmen

George H. Hoskin, club air engineer, stated the plane was the "L. A.," one of the first De Havilland Moth planes of the club, which had just received a thorough overhaul. The customary investigation of rigging, engines and fuselage, he said, had taken place before the commencement of Sunday's operations.

Lieut. W. L. Rutledge, club pilot instructor, had nothing to say as regards the possible cause of the accident. Mr. Stevens, he pointed out, an experienced airmen even before he came to the club, had been out of his charge for a considerable time. The club pilot, however, mentioned that the crash should serve as an excellent argument in favor of all planes carrying parachutes.

Stevens, who resided at 2131 Seventeenth Avenue West, was 32 years of age and belonged to Paisley, Ontario. He came west to Calgary in 1911. He is survived by a widow and a small daughter six years of age. McCallum, who resided at 221 Fifth Avenue North, was born in Quebec 30 years ago and came to Calgary with his parents when he was 15 years of age. He leaves a widow and two daughters, four and two years old.

BRITISH BOYS FOR ALBERTA FARMS

Having concluded their course of training at the provincial schools of agriculture at Olds and Vermilion the first group of British boys who came forward under the arrangement between the Provincial Government and the Overseas Settlement Board have been placed in farm work throughout the surrounding districts. The second group of boys will have completed their course at the end of the present month and it is suggested that farmers wishing to secure farm help of this type, communicate with the principals of either of the above schools.

It takes horse sense to know when to refuse," says a well-known business man.

To say neigh, as it were!—Tulsa Tribune.

ALBERTA SURPLUS \$1,817,871 SAYS PROVINCIAL TREASURER

U. S. CONGRESS THREATENS TO INCREASE TARIFF ON CANADA'S STOCKER CATTLE

Edmonton, May 17.—More money was left over in the provincial treasury, in excess of expenditures, than ever before in Alberta's young and eventful history, to be exact, \$1,817,871. That is the result of the province's financial operations for the past fiscal year, ending March 31, announcement of which is now made by the provincial treasurer, Hon. R. G. Reid.

With all accounts passed, audited and totalled, the treasury makes a showing that surpasses all previous records, indicating that Alberta has not only rounded the corner, but is now riding on the top of the wave, figuratively speaking, in both cases.

Just what change will be live stock, intended to restrict importation of stockers from Canada is not fully decided.

THIRTY-NINE PERSONS KILLED IN ASIA MINOR EARTH-QUAKE

ALBERTA COAL WILL MOVE AT SAME RATE

Edmonton, May 15.—Agricultural members of the house, continuing pressure on the ways and means Republicans and on the house leaders for changes in the tariff bill to meet the wishes of middle western and northwestern farmers, have already secured promises of important concessions.

They have been assured the bill will be changed in committee, and a duty put on hides. The rates on stocker cattle will be increased, and demands of the farmers as to changes in tapioca and sago will be met.

Just what change will be live stock, intended to restrict importation of stockers from Canada is not fully decided.

ATTORNEY GENERAL TO REPRESENT PROVINCE OVER-SEAS

ALBERTA LAND ATTRACTS AMERICAN FARMERS

One of the outstanding features of the land sales made by the Canadian Pacific Railway land department this year is the large number of American farmers who are acquiring land in Alberta, states O. Kirkwood, superintendent of this branch.

The increase in the number of farmers selling their holdings in the United States and taking up land in this province, according to Mr. Kirkwood, is beyond all expectation.

REGULAR MEETING MACLEOD TOWN COUNCIL

The Macleod Town Council met Monday night for the regular meeting, at which Mayor J. W. McDonald, K. C., presided, and the Councillors present were Messrs. W. A. Day, A. MacLeod, C. W. Stevens and C. E. Tweed.

There was very little business of importance before the meeting outside of the routine. The Medical Health Officer, Dr. M. Brayton presented his report for the month of April, which showed only one case of scarlet fever and one case of mumps. The court of revision for the assessments of the Town was set for Monday, June 17th. The monthly accounts as passed by the finance committee were passed for payment.

The offer made at a previous meeting by J. D. Matheson, K. C., for the westerly 27 feet of lot 22 on the north side of 24th Street, of

\$500.00 was accepted, the title to be given when the new building to be erected is under way. The offer of G. Chugg of \$400 for house and lot was referred to the property committee.

BOOSTING THE CHAUTAUQUA MEANS BOOSTING FOR SWIMMING POOL AND NO MORE DROWNINGS

The Chautauqua Committee at its session last Wednesday afternoon, with remarkable enthusiasm, unanimously adopted the resolution to give every dollar of surplus to the erection of a swimming pool for Macleod to be conducted at the lowest possible cost to the users. They also ask that all citizens of Macleod and even the numerous visitors will lend their heartiest cooperation to this enterprise by securing their Chautauqua Tickets early and from the salesman they

desire to see stand highest in the selling enterprise. There are no prizes or premiums permitted from the Chautauqua Office for selling tickets, but the genial president, W. H. Shields, M. L. A., has promised a real "Thanksgiving Rooster" to the man or woman selling the highest number of tickets after the mailing of this issue of the Macleod Times at noon Thursday. While in Calgary on Tuesday the secretary secured an additional hundred tickets from the Central office so there will be at least some for every member of the committee.

On Tuesday afternoon the Macleod Women's Institute had a most interesting meeting when Mrs. Margaret Somerville McDonald, Macleod, gave a most enlightening and instructive talk on "Canadianization" which was listened to with deep interest and was very much enjoyed by the large number of members present.

The meeting was under the presidency of Mrs. E. Greenwood, the president, and was opened with the usual exercises. A number of new community songs were heartily enjoyed, Mrs. Morrow acting as accompanist. Little Jackie Ryan and her sister Miss June delighted the gathering with something new in a flute solo, June playing the piano accompaniment. Mrs. Morrow favoured the meeting in her usual brilliant style with a song "My Mother's Eyes." Miss Irene Young playing the accompaniment on the piano.

Delightful refreshments were served at the close by the committee Mrs. Ryan, Mrs. Greenwood, Mrs. Morrow and Mrs. Grier.

OFF COLOR

The Paramount motion picture company needed a theme song for their production, "Redskin." Among the contributions received from independent song writers was one entitled, "Redskin, Why Are You Blue?"—Life.

SPEAKING OF CIRCUSES

Daughter: "Of course, I've seen your wedding ring, Mother, but what about your engagement ring?"

Mother: "There was none, my dear. Ours was a one-ring performance!"

IT SEEMED SO

Daddy was having a round of golf with a friend, and little Joan came along with Mamma to look on. After watching the game for some time, Joan asked:

"Mustn't the ball go into that little hole, Mamma?"—Pearson's.

NEIL PATTERSON AND HIS SCOTCH ENTERTAINERS
Will give a versatile Scotch Programme on the Third Afternoon of
Chautauqua and a Prelude in the Evening.

The Scotch programme given by this remarkable native Scotch Company is entirely different from any other programme given in Western Canada. It is a combination of the new and the old Scotch songs which will never die. For about two hours the inimitable Scotch Entertainers will hold audiences enthralled with Scotch songs, Native Scotch Dances, the newest and best of Scottish Humour—and the Bagpipes. This organization is in such constant demand that it is a rare treat to bring them to audiences on the Western Four-day Circuit. Bear in mind this company is genuinely Scotch, altogether novel and constantly in demand. You will forget all the mediocre imitations under the spell of these native Scotch Artists.

This troupe is billed for the afternoon of Tuesday, June 4th, with a prelude in the evening at Macleod Chautauqua—June 1-3-4-5.

Frank Marshall, of Coeur De Lane, Idaho, is visiting his brothers, Charles and Harry Marshall at their ranch at Spring Point.

Mr. and Mrs. A. West and daughters from Macleod were visitors at the Hunter ranch on Sunday.

Mr. G. Youngsberry (master mechanic of Bellevue Mines) and friends where visitors at Brown's ranch on Sunday.

Mr. and Mrs. R. J. Jones were Macleod visitors over the week-end. Mrs. G. R. Jackman spent last week in Macleod.

Mr. and Mrs. Cecil Altham and daughter Betty, from Hillcrest, Alberta, were visitors at Brown's ranch last week.

Mrs. Richard Farrell and infant son, from Kamloops, B. C., are visitors at Mrs. Farrell's parents, Mr. and Mrs. James Graehey.

G. Hutton was a business visitor at Macleod on Monday.

The severe storm on Thursday last did considerable damage to the telephone lines throughout this part of the country.

Miss Anna Jordon has returned home after spending a week with her Aunt, Mrs. M. Jordon, at Macleod.

Mrs. William Cox spent last Monday and Tuesday in Macleod, the guest of Mrs. W. Day.

Rev. Mr. Brough from Calgary, will conduct services at Spring Point every Sunday at 1 p. m.

BETTER HOUSING IS GREATEST NEED OF TOURIST CAMPS—A. B. MACKAY SAYS LETHBRIDGE AND MACLEOD SUFFER IN THIS RESPECT

This year the tourist season in southern Alberta will bring a record number of automobiles across the border, and into such centres at Lethbridge, Calgary and Macleod, according to A. B. Mackay, of Calgary, president of the Alberta Automobile Association.

Mr. Mackay, accompanied by F. R. Brason, second vice-president of the Provincial Association, and president of the local branch, has just completed a tour of inspection of the highway connecting Calgary, Macleod and Lethbridge. In addition they investigated the present facilities for housing automobile tourists in these districts.

The main reason for the probable increase in the number of tourists, Mr. Mackay claimed, was that an excellent, gravelled highway now exists from the border, and between Lethbridge and Macleod.

According to the general opinion, Mr. Mackay stated, the chief need at the various auto camps was that of tents and bungalows. "Almost all tourists who cross the border at the present time," he said, "bring bedding and cooking equipment. But they invariably ask for accommodation in the way of canvas or bungalows.

If they cannot get it they then move on, and the main purpose of the gravelled highways is defeated."

At both Lethbridge and Macleod, he continued, there was room for considerable improvement as regards accommodation for visiting tourists. "This is a need which should be supplied early in the year," he stated, "as it is essential for us to be able to satisfy the visiting motorists."

Found Read Excellent

The trip which the two officials of the association have just completed was made at this particular time so that they could investigate conditions early in the year. The road between Calgary and Macleod, they contended was excellent, apart from the fact that there was too much loose rolling gravel on the road. This, they pointed out, could be rectified by the application of more crushed rock, and subsequent rolling.

At Lethbridge they had dinner with members of the local branch of the organization, and at Macleod they were greeted by the local representative.—Calgary Albertan.

FINES ON INSTALMENT PLAN ARE APPROVED

Ottawa, May 16.—(By Canadian Press)—A bill sponsored by Senator Beaubien, amending the criminal code so as to provide that fines may be paid on the instalment plan, was given third reading in the senate yesterday. The senator pointed out that there were 220,000 paid and the remainder went to jail. He thought it unfair to brand as jailbirds many who were unable to pay their fines.

Took Soda 20 Years for Gas--Stops Now

"SMILIN' THRU"

On the Fourth Night of Chautauqua, the Charming English Comedy, "Smilin' Thru" will be staged. This three-act play has wealth of human appeal and is a fantastic comedy which critics have branded as a classic of the modern stage. "Smilin' Thru" has drawn capacity audiences in every city of the English speaking world. When you have heard the play you will easily understand why! It deals with the most vital themes of youth, love, misunderstanding, and a sadly misplaced desire for revenge. Motion Picture Journals refer to "Smilin' Thru" as one of the sweetest stories ever told on the screen. Norma Talmadge is credited with her finest emotional artistry in the film as released by the First National. This play will be staged Wed., June 5th, the final performance at Macleod Chautauqua—June 1-3-4-5.

Another instance of the import speed attained by Major Segrave. Come to think of it, the new word "airplane" is the official name for an automobile recently was "airplane," like "entrain," would be classed as an in-transitive verb.

Between the snow-tipped Andes and the Sea

Mountain barrier to the East, the broad reaches of the Southern Pacific to the West—a narrow strip of sand, dotted with oil derricks, teeming with activity. Clamour of the drilling rigs, and into the oil sands three-quarter miles underground! And day long, night long, the sucking of the pumps retrieving a buried treasure.

Great Imperial tankers come and go in the roadsteads to carry Peruvian Crude to Canada where, in the Empire's most modern refineries, it is processed into Marvelube, a better motor oil. Full-bodied, carbon-free and sulphur-free, Marvelube meets the exacting demands of the modern high speed motor in the air and on the highway. It is today the standard lubricant for high speed engines throughout Canada.

There is a grade of Marvelube refined to meet exactly the specifications of your car, truck or tractor. See the Marvelube Chart at Imperial Oil stations and dealers.

McCORMICK - DEERING NEWS

"Good equipment makes a good farmer better."

House Phone 41 Published by Office Phone 157

C. E. TWEED

THE FARM EQUIPMENT MAN

Vol. 1, No. 8 Macleod Thursday, May 23, 1929

Watch for the "News" each week place. That's why McCormick-Suggestions and news items in Deering Tractors have them on their big crankshafts—they last.

Claude Tweed, Editor for years with no adjustments or attention whatever.

If your shoes squeak, turn 'em upside down and drive tacks into the sole. Make the tacks inscribe a circle or diamond shape. This highway, why not erect a sign down the road which reads: "DANGER—300 Feet to—CAT-TRAIL DRIVE." Such a sign erected on both sides of the drive along the highway will warn motorists to have their car under control; and may save you both cattle and litigation.

"Out of sight, out of mind" are usually the last words of pragglers. Don't put all your eggs in one basket—try an incubator.

It is harder to arouse interest in a wheat pool than it is in a swimming pool.

Did you know that all McCormick-Deering Tractor engines have removable cylinder sleeves made of exceptionally hard cast iron of uniform thickness, making it possible to replace one or all of them around without a horse on the in three or four hours, at a cost place? Lots of folks have discovered the economy in doing all their farm work with a McCormick-Deering Farmall tractor with low repair charges?

McCormick-Deering 15-30. Plowing, planting, cultivating, harvesting, and belt work can be done young man who strikes out bravely and easily with this combination.

Smart summer border: "Well, 'Fighting may be all right—if Farmer Jones, what did this you do it intelligently chicken die of?'" (busily chewing a smaller man.)

Farmer, ironically: "Throat trouble." Make your tractor pay its way by keeping it busy every working day.

All creation is satisfied withday. If a married male is a benedict, You know that automobiles were and a married female is a benedic never really successful until theytine, then their children must be got away from the plain bearings, the benediction.

such as were used in the old buggy which would stand the higherburgling my house?" hurriedly speeds and harder service. Troublesome the home owner. "He got with high-grade ball bearings into my house last night without practically negligible, so that theywaking my wife, and I have been are far cheaper in the long run, trying to keep that trick for ten though they cost more in the first years."

LOCAL AND PERSONAL NEWS

S. E. Gust, of Medicine Hat, paid a visit to his Macleod Store last Friday.

Mrs. E. Ramsbottom, of Macleod, was a visitor in Lethbridge last week-end.

J. D. Matheson, K. C., was a Cal-gary business visitor on Monday and Tuesday this week.

Arthur Scheer, of Edmonton, is a guest of his parents, Mr. and Mrs. M. Scheer.

C. Swinerton and C. C. Bremner were motor visitors to Calgary on Saturday of last week.

C. F. Carswell, barrister, Granum, was a business visitor in Macleod on Wednesday.

Sergt. Hudson of the A. P. P. Clareholm, was a business visitor in Macleod last Friday.

Mrs. M. Dowsett, of Lethbridge, has been spending a few days in Macleod the guest of Mrs. E. Taber, and Mrs. M. Dowsett, Jr.

A. Graham of the Bank of Commerce staff in Lethbridge is spending his summer holidays at his home in Macleod.

Mr. and Mrs. C. Altham accompanied by G. Altham, all of Hillcrest, were motor visitors to Macleod on Sunday last.

Tom Crawford, of Calgary, was a visitor in Macleod on Tuesday in the interest of his insurance companies.

Mr. and Mrs. W. O. Hoodless returned on Monday from their honeymoon trip and will take up residence at their home on 3rd Ave.

S. Dillingham, accompanied by J. Dillingham and Miss May Ulrich motored to Lethbridge Monday evening last.

Mrs. Gladys Neilson of Coleman, has arrived in Macleod to take over the duties of stenographer in J. L. Fawcett's law office.

District Deputy Grand Master J. W. Moreash, accompanied by Harold Davis and Ryder Davis, made an official visit to Cowley Masonic Lodge on Monday of this week.

Miss Kathleen Scott who has been in the office of J. L. Fawcett Barrister for the past four years, is leaving on Friday for Nanton, where she has accepted a position in the office of Mr. Hebert, Barrister.

The Rev. J. F. Knight, of Macleod United Church, was in Calgary on Tuesday for the opening session of the Stationing Committee of the United Church Conference, which is meeting in Calgary this week.

Little 7-year-old Vera Bryant, daughter of Mr. and Mrs. Bryant of Eveline, had the misfortune to fall from her saddle pony on Monday night and break her arm. She was brought into Macleod on Tuesday morning and the arm was set by Dr. M. Brayton.

Word has been received that Miss Anna Brown, daughter of Mr. and Mrs. E. Forster Brown, has passed her final examinations at the Ontario College of Arts, receiving honors in Applied Design, Costume and Life; she also stood first in all Theoretical subjects. Miss Brown is now an Associate of the Ontario College of Arts, and is entitled to add the letters A. O. C. A. after her name.

The Official Opening of The Macleod Golf Club takes place on Friday 24th. May, the events will be as follows:—10:30 a. m.—Men's two ball competition; 2:00 p. m.—Mixed Foursomes. The Ladies' Club will be "At Home" in the Club House during the afternoon. Refreshments will be served. All members are asked to call at the Club House during the afternoon for refreshments and thus encourage the Ladies' Club in the good work it has been doing.

From a trip to Calgary Monday via "Ford" one concludes that the wheat crop around Macleod is much further advanced than around Calgary. All the way north there was noticeable the difference gradating from sowing completed to seedling just starting. The town with the smoothest main street is Stavely and the smoothest stretch of road is from Macleod to Granum. Macleod has the best base for permanent road but the surface might be finer, the finishing coat seems a little coarse.

Mrs. J. F. McGregor entertained a number of young people on Thursday afternoon of last week in honor of her daughter, Miss May McGregor, the occasion being the latter's 13th birthday. Games and dancing were indulged in and dainty refreshments were served. The young guests were: Lucille West, Dorothy Young, May Hoodless, Dorothy Hillard, Margaret Swinnerton, Violet Wilson, Dorothy Crouse, Katherine Rosling, Annie Ferguson, Edna Russell, Eileen Freck, Wilma Freen and Ernest Mackenzie.

At the regular meeting of the Priselle Club held at the residence of Miss May Ulrich on Wednesday evening, May 15th, after luncheon the members presented Miss K. Scott with a beautiful bracelet as a token of their esteem. Miss Scott was leaving shortly for Nanton. An address accompanied the gift in which the club members voiced their appreciation of Miss Scott as a popular and valued member of the organization, and in which was embodied hopes for her happiness in her new place of residence. Miss Scott replied suitably in a few well-chosen words. A pleasant evening was terminated after several members had rendered pleasing vocal selections.

Const. Cawsey, of the A. P. P. Pincher Creek, and family were visitors in Macleod on Tuesday.

Mrs. Kerr, of Calgary, is spending a few days in Macleod as the guest of Mrs. S. Hep.

Mr. and Mrs. J. F. McGregor and Miss May were motor visitors to Lethbridge on Saturday of last week.

Arthur Scheer, of Edmonton, is a guest of his parents, Mr. and Mrs. M. Scheer.

C. Swinerton and C. C. Bremner were motor visitors to Calgary on Saturday of last week.

C. F. Carswell, barrister, Granum, was a business visitor in Macleod on Wednesday.

Sergt. Hudson of the A. P. P. Clareholm, was a business visitor in Macleod last Friday.

Mrs. E. P. (Judge) McNeil, of Calgary, spent the week-end in Macleod the guest of her mother Mrs. Ives.

Ladies! Have you a run in your Silk Stockings? Bring it in to Barker's. Invisible work guaranteed.

ALBERTA'S GAS WASTE BEING DULY PROBED

Shall Alberta continue to waste millions of cubic feet of gas daily in the Turner Valley field, keep giant gassers capped, and otherwise affect adversely the development of the gas and oil resources of the province?

Will Alberta gas be exported to Montana and then to the U. S. Pacific coast under a giant utility scheme now being considered south of the border?

Will Alberta gas be exported to Saskatchewan and Manitoba cities?

There are other allied questions under serious discussion in Alberta these days as a result of the visit to the province of Hon. Charles Stewart, minister of the interior and his deputy minister of mines, Dr. Charles Camsell, during which he has had conferences on the subject at Edmonton and Calgary.

Committee to Investigate

The appointment of a joint special investigating commission by the Dominion and provincial governments for the purpose of conducting an inquiry into the waste gas and oil situation in the Turner Valley and other Alberta oil fields, will be recommended as a result of a four-hour conference between representatives of the province, the city of Calgary, oil operators, and Hon. Mr. Stewart, held in the Palliser hotel Thursday afternoon last.

Mr. Brownlee said that he was quite willing to take the matter up with his ministers upon his return and recommend that the province bear its share in the work of trying to solve the problem.

Mr. Stewart said that the Dominion government was willing to do everything possible to cope with the situation. In the past the government had confined its operations towards aiding in the actual development work and not much time or thought had been given to the waste gas situation. In the past two years, however, it had become very serious and he thought that now was the time to go into the matter thoroughly.

He, too, was in favor of a special investigating committee.

Calgary Conference

Calgary, May 17.—An application from the Range Oil & Gas Co., Ltd., of Calgary, for the right to export gas from Alberta oil fields to Montana has been made to the Dominion Government, but no direct action on the matter has yet been taken. Hon. Charles Stewart, minister of the interior, stated there Thursday, Hon. Mr. Stewart is in the city for the express purpose of attending a conference with local men interested in the possibility of utilizing the millions of cubic feet of gas which are going to waste daily in the Turner Valley field. The conference was attended by Premier J. E. Brownlee, Mayor F. E. O'Brien, Commissioner A. G. Graves, City Solicitor L. W.

Accurate statistics are indispensable for a proper appreciation of the national progress, and in order to ensure that the statistics may be as accurate as possible, it is earnestly hoped that farmers throughout the Dominion will not fail to render the small service required by filling up and returning the schedule issued.

If any farmer should not receive the cardbord schedule by the middle of June he should apply for same either to the school teacher of the nearest local rural school, or to his provincial Department of Agriculture; or to the Dominion Statistician at Ottawa. The aim is to obtain a completed schedule from every farmer, as the more numerous the returns, the more trustworthy will be the resulting estimates.
